A serious riot occurred at Nenagh, Ireland, on the 6th July, and succeeding days. FIRE PROOF ROOFS. WARREN'S FIRE AND WATER PROOF Roofs have established for themselves in New England and the Canadas a reputation second to none. They have been much longer in use in the Middle and Western States, and testimonials from various parts of the Union, admit their superiority

They have been used upon Dwelling Houses of the first class, Ware Houses, Railroad Depots, and Manufacturies, and have been pronounced by Architects, Builders and others who have a knowledge of their merits, to be of greater durability, and to be possessed of fire and water resisting properties, to an extent beyond that of any Roof now in use. These Roofs require an inclination of only one inch to the foot. They can be used for a promenade, and for drying purposes;

The materials of which these Roofs are composed, are not affected by changes of temperature. The cost is less than that of any other Fire Proof Roof now in use, and even that of a shingled Roof. These Roofs are not les between the 20th and 25th inst. A banquet is to affected by the jar of machinery; and in case of injury, no Roof. is so easily and quickly repaired. The Corporation of the City of Montreal, Canada, have by a special By-Law, made an exception in favor of Warren Roofs, to the Law prohibiting the erection of buildings in the City. And numerous other testimonials from Builders, Insurance Officers, Railroad Corporations and others, which attest the superiority of this Roofing over all others for cheapness, efficiency, and durability combined, may be seen at the Counting Room of C. BREWER 2d. For sale by
